

YOU MANUFACTURE 'JUST IN TIME'. YOU PROCESS YOUR ORDERS 'JUST IN TIME'. SHOULDN'T YOU EXPECT THE SAME, IF NOT MORE, FROM YOUR ENVIRONMENTAL SERVICES PARTNER?

If they don't stay a step or two ahead of you, it's time to call Safety-Kleen. Machine manufacturing is a 'just in time' business. You can't afford to wait on your environmental services provider. You need a partner with the resources to handle all your parts washing machines and service, all your used oil and waste water collection and all your containerized waste. **Safety-Kleen** can also partner with you to address your OSHA and regulatory needs, as well. More than 8,700 machine manufacturing customers rely on us to help them improve quality and improve throughput.

PROTECTION·CHOICES·PEOPLE

Machine Manufacturing

Protect your workplace, your reputation and the environment.

- Liability Protection
- Risk Reduction
- Customized Compliance Programs
- No Long-term Exposure

If you're responsible for environmental health and safety at your company, you already know how difficult OSHA and environmental compliance can be.

Let the environmental professionals at Safety-Kleen help shoulder that burden. Our compliance programs can be tailored to the unique needs of any machine manufacturer. Plus, our practices provide the highest level of risk reduction in the industry. And we take financial responsibility for the waste we manage for you, protecting you from future liability.

Sustainable choices that keep production running clean and more efficiently.

- Closed-Loop Recycling
- Waste Minimizing and Diversion
- Cleaning Technologies
- Green Scalability

We offer industry-leading cleaning chemistries, flexible service terms and compliant disposal through our all-inclusive service programs. Safety-Kleen can show you cleaning choices that fit your workflow.

Containerized Waste

Safety-Kleen provides the proper handling, recycling, and disposal of both hazardous and non-hazardous wastes. We create waste solutions that balance your objectives, operational demands and budget. Our certified support teams will customize a service program to remove your waste materials at your convenience, while keeping you compliant with local, state and federal regulations. And through our industry-leading process capabilities, we recycle your waste to the fullest degree possible, reducing Greenhouse Gases.

- Any Waste Anywhere Anytime
- GHG-Reduction Partner

- Solid & Semi-solid Manufacturing Process Waste
- Used Absorbents and Oil filters (from CNC machines)
- Paint Waste & Paint Booth Filters
- EDM filters (Electrical Discharge Machining)
- Batteries & Fluorescent Bulbs
- Electronic Scrap

Parts Washing Solutions

After more than 50 years, Safety-Kleen continues to lead the Parts Washing Industry by providing unrivaled service and top-notch equipment.

Used Oil, Filter Collection and Lubricants

Safety-Kleen can provide you the complete lubricant management program you've been looking for.

- **Used Oil:** Customized service terms and emergency services available
- **Filter Disposal:** Flexible service and container options
- **Performance Plus® Lubricants:** Superior quality and unmatched performance. Performance Plus products have been tested and trusted and are the oil of choice for Roush Fenway Racing and several large government and commercial fleets, including our own.

Safety-Kleen is the world leader in oil collection and the use of oil as a renewable resource through our proprietary re-refining process. Through this unique closed-loop system, we have redefined customer value.

Introducing a full line of products that improve performance through innovation.

- **HYDRAULIC OILS**
- **GREASES**
- **HEAVY-DUTY DIESEL ENGINE OILS**
- **DRIVELINE OILS**
- **AUTOMATIC TRANSMISSION FLUIDS**

All lubricants meet or exceed the toughest North American standards and specifications for engine protection set by API, SAE and ILSAC.

Maintenance Products

- Absorbents
- Storage Cabinets
- Spill Kits
- Spill Containment

Vacuum Truck Services

Safety-Kleen's fleet of high-powered vacuum trucks will pump out waste water, separate oily water, and service floor trenches, ensuring proper disposal of your waste.

- **EMERGENCY**

Emergency Response (ER) and Compliance Services

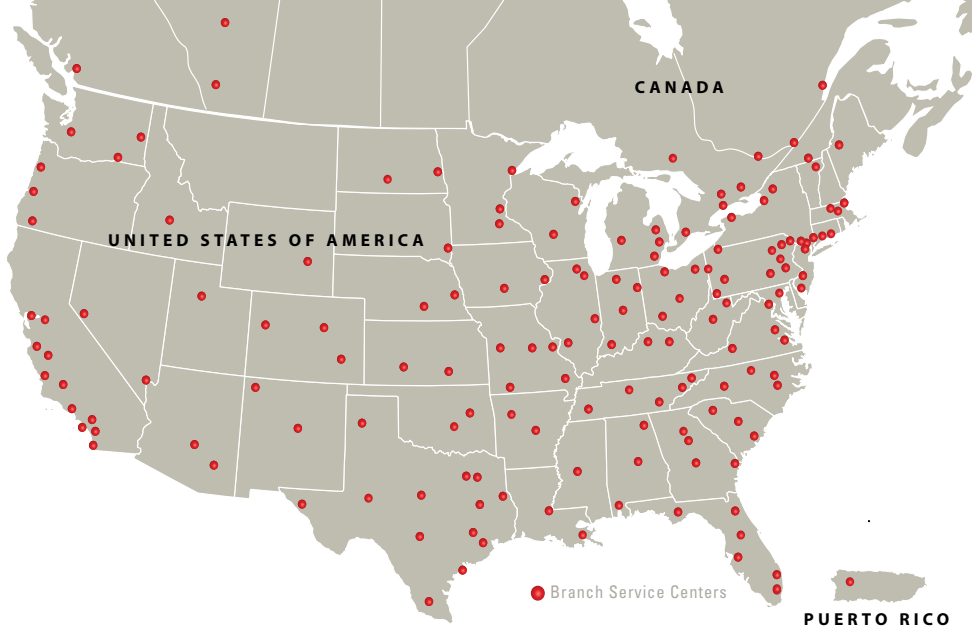

- **Peace of mind 24/7/365** - Through our parent company, Clean Harbors, we deliver the most effective, safe and environmentally sound options for managing environmental emergencies. Public and private companies, as well as government agencies, trust us to handle their emergency response and disaster recovery services.
- **Stay in compliance** - You have enough to do without worrying about changes in EPA and OSHA regulations. Safety-Kleen offers a wide variety of compliance services and training that can remove these burdens and help make sure you stay in compliance. Our SDS management program is the most comprehensive available and is the easiest and most reliable way to satisfy your OSHA requirements.
