**Re: TCEQ MSW Registration Application for Safety-Kleen Systems
Preliminary Review NOD (TCEQ Tracking No. 26788905)
Safety-Kleen Systems, Inc. / Clean Harbors Environmental Services, Inc.
Denton, TX**

Dear Mr. Wong:

Enclosed you will find the facility's response for the referenced matter. The format of this response provides an iteration of the TCEQ comment from the 11/18/2021 NOD followed by the facility's response. Be advised all information are replacement pages that provide missing information or entirely new maps, drawings, etc., therefore a strikethrough is not applicable for the affected pages. Please note:

TCEQ-20789 Form:

1. Provide email addresses for all government entities in Section 1.3: Government Entities Information.

See Enclosure 1. Replace Pages 4, 5 and 6 for Section 1.3 of the Application for a Medical Waste Registration with the information herein Enclosure 1.

2. Correct online link for application. The current link in Section 1.4 appears to be broken.

Be advised the online link to the subject application on the Safety-Kleen public website is not broken. However, it appears there is some interference on the TCEQ application form preventing one-click access. The URL can be copied and pasted or entered/typed into an internet browser and access gained, or click here: <https://www.safety-kleen.com/support/technical/regulatory-information>.

Attachments:

1. Revise Attachment 1: General Location Map using a United States Geological Survey 7 1/2-minute quadrangle sheet or equivalent as the base map.

See Enclosure 2. Replace the General Location Map Page 36 of 74 in the Application for a Medical Waste Registration Attachment 1 with the map herein Enclosure 2.

2. Provide signed and sealed Attachment 3: Land Use Map with the location of the facility, residences, commercial establishments, churches, and schools, that are within 1-mile of the facility.

See Enclosure 3. Replace the Land Use Map Page 41 of 74 in the Application for a Medical Waste Registration Attachment 3 with the map herein Enclosure 3.

3. Revise Attachment 4: Landowners Map to show all landowners within ¼ mile of the facility boundary.

See Enclosure 4. Replace the Landowners Map Attachment 4 in the Application for a Medical Waste Registration with the map herein Enclosure 4.

4. Revise Attachment 5: Landowner List to include all landowners within ¼ mile of the facility boundary.

See Enclosure 5. Replace the Landowner List Attachment 5 in the Application for a Medical Waste Registration with the Landowner List herein Enclosure 5.

5. Ensure all drawings in Attachment 9 are signed and sealed by a licensed P.E. and have a standard engineering scale, dated title block, revision block, drawing number, and firm number.

See Enclosure 6. Enclosure 6 provides a PE certified site plan that depicts the facility layout with the new RMW transfer areas shown. This same site plan is also provided in Attachment 2 of the original Application for a Medical Waste Registration, so it is redundant for Attachment 9 to address the TCEQ comment. Insert the site plan drawing herein Enclosure 6 into Attachment 9 as Page 56 of the Application for a Medical Waste Registration, and replace the existing Page 56 of 74 with the page herein Enclosure 6 with its replacement noted as Page 56b of 74 which is the previously provided zoomed-in section of the subject site plan showing the new Building 12.

6. Provide TXDOT Coordination Letter.

See Enclosure 7. Enclosure 7 provides a replacement Page 33 (Table Att-1. Required Attachments) for the Application for a Medical Waste Registration noting a new Attachment 17. Also provided in Enclosure 7 is a new Attachment 17 which is an explanation concerning the TXDOT Coordination Letter not being applicable. Insert Enclosure 7 into the Application for a Medical Waste Registration as a replacement Page 33 and new Attachment 17 (Pages 75 and 76).

Additionally, Enclosure 8 provides new Application for a Medical Waste Registration Section 6 signatory page to be inserted at Page 31.

Please contact me if you have any questions or comments concerning these matters at desha.david@cleanharbors.com or (423) 413-1218.

Sincerely,

A handwritten signature in blue ink, appearing to read "David A. DeSha", is written over a large, stylized blue scribble.

TXDOT Coordination Letters

The inclusion of Coordination Letters from TX DOT should not be applicable to this application. TXDOT information contains coordination with other outside agencies in projects where input and concurrence would directly involve those other agencies. Cited in TXDOT website includes freeway expansion projects and environmental impact reports where other agencies jurisdictions would be involved in the specific project. In a case of an existing operation expanding to include medical waste to its core business, there is no such coordination that would be necessary.

Enclosure 8

Section 6—Applicant Certification and Signature

The applicant is the person or entity who would be the owner of the facility and in whose name the registration would be issued. If the application is signed by an authorized representative for the applicant, the applicant must complete the delegation of signature authority.

Certification by Applicant or Authorized Signatory [30 TAC §305.44]

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.
